

ICPR26-LRLPR Dataset – License Agreement

The ICPR26-LRLPR dataset comprises 20,000 tracks, each consisting of five consecutive low-resolution (LR) images and five consecutive high-resolution (HR) images of the same license plate. It supports the [ICPR 2026 Competition on Low-Resolution License Plate Recognition](#), which promotes the development of advanced methods such as super-resolution, temporal modeling, and robust Optical Character Recognition (OCR) techniques for low-quality inputs. The dataset is available **exclusively** to academic researchers from educational or research institutions for **non-commercial use**.

Terms and Conditions

The use of the ICPR26-LRLPR dataset is governed by the following terms and conditions:

- This dataset is provided “AS IS”, without any express or implied warranty. Although every effort has been made to ensure accuracy, the authors do not take any responsibility for errors or omissions;
- Without the expressed permission of the authors, any of the following will be considered illegal: redistribution, modification, and commercial usage of this dataset in any way or form, either partially or in its entirety;
- For the sake of privacy, all images in this dataset are only allowed for demonstration in academic publications and presentations;
- All users of the ICPR26-LRLPR dataset agree to indemnify, defend and hold harmless the authors, the Department of Informatics at the Federal University of Paraná, as well as the Graduate Program in Informatics at the Pontifical Catholic University of Paraná, their administration, officers, employees and agents, individually and collectively, from any and all losses, expenses, and damages. The user agrees to take full responsibility and cover all damages, claims, judgments or expenses resulting from the use of the ICPR26-LRLPR dataset;
- Once the competition paper becomes publicly available, all publications using the ICPR26-LRLPR dataset must cite it.
